We create social networks for millions of people living with chronic conditions.

37 CONDITIONS & GROWING  
2 MILLION + MEMBERS  
13 COUNTRIES  
10 MILLION + CONVERSATIONS

MyHealthTeams is the largest and fastest growing social network for people living with chronic conditions since 2012. Members rely on MyHealthTeams social networks for information, connection, resources, life hacks and emotional support. We help pharmaceutical companies better understand the real-world patient experience and effectively address unmet patient needs through social listening, research and media solutions.
We Believe...If you are diagnosed with a chronic condition, it should be easy to find the people, support, & information you need to better manage your condition.

Looking for support with multiple sclerosis? You are not alone. Meet thousands of others who understand.

Welcome to MyMSTeam!
To get started please tell us a little more about you. This enables us to help you connect with others most like you.
I am:
Woman

My birthdate:
November 1973

My diagnosis:
Relapsing/Remitting

My date of diagnosis:
February 2015
